Dear Bob,

The meeting held in Orlando on the 6th of May was attended by between 50 and 60 Public Works officials from various locations in the State. The gathering was addressed by Mr. Vincenz and Mr. Wyler, and I considered it a rather successful meeting.

We managed to adopt the By-Laws that you handed me when you were in Tampa last winter, and I had sent a copy to each member throughout the State. I acted as a sub-committee of one to submit names of candidates for the various offices, and the assembly accepted my recommendations; namely:

✓ Bill Bryant, Jacksonville, Florida
✓ William Wright, Hollywood, Florida
✓ Gordon S. Burleson, Orlando, Florida
✓ Allan H. Rogers, Sarasota, Florida
✓ J. Grady Phelps, Miami, Florida
✓ Whitney Wolf, Orlando, Florida
✓ Reese Bickerton, Ocala, Florida

Cordially yours,

Gentlemen:

At a meeting held in Orlando May 6, 1960, the American Public Works Association organized a Florida Chapter, and members elected to govern the chapter are: President Bill Bryant, City Engineer, Jacksonville; Vice-President William Wright, Director of Public Works, Hollywood; Secretary-Treasurer Gordon Burleson, City Engineer, Orlando.

The Association is suggesting that I, as District Representative, contact counties throughout the state and encourage them to become "Public Agency" members. Such a membership would entitle a County Administration to designate a certain number of officials and employees engaged in the public works field to enjoy individual active membership in the American Public Works Association and each representative would also be enrolled as a member of the Florida Chapter.

The activities of the Association are not only designed to be of maximum benefit to the individual member but also to the community he serves, and an important advantage of "Public Agency" membership is that it gives you a chance to have your key men participate in the work of the Association in the promotion of improved practices in public works administration and study of individual problems with officials of other communities. Other privileges of membership include the right to vote and hold office, unlimited use of our Inquiry Service, and special discounts on APWA publications. Membership in the Association also entitles each representative to receive our monthly News Letter and Yearbook which contains the membership roster and proceedings of the Public Works Congress and Equipment Show.

The purpose of the organization and extent that your administration would benefit from a "Public Agency" membership are briefly described in the enclosed literature and membership application. We believe that affiliation with the Association would be extremely valuable to your county, and hope that you will deem it advantageous to become a "Public Agency" member.
One of the most interesting features of the Association is the Public Works Congress and Equipment Show where panel discussions and technical sessions are highlighted by the presentation of papers on a wide variety of subjects by leading authorities in the field of public works. This is an annual event, usually scheduled in the fall, that brings together many of the top public officials for the purpose of pooling available data, exchanging ideas and experiences, and uniting their efforts in the study and solution of common problems with officials of other communities.

Over 2,000 members and guests attended the Public Works Conference in Seattle, Washington, last year. A well-rounded program has been planned for the 1960 Conference to be held in New York City, August 14-18, and the Florida Chapter will be well represented at this meeting.

Any additional information that you require concerning the activities and services of the Association will be furnished promptly if you will contact me or any Committee Member of the Florida Chapter.

Very truly yours,

Paul J. Jorgensen
Florida District Representative, APWA

Enclosure
Dear Member:

The next meeting of the Florida Chapter of APWA will be held in New York City on the evening of August 16, 1960. The place will be one of the famous wine cellars of Mama Leone's Restaurant at 239 W. 48th Street. The meeting will begin at 7:00 P.M. with a full course dinner centered around Roast Prime Ribs of Beef as the main course. The dinner is priced at $6.75 per person, plus 15% for gratuities and 5% City Tax. Cocktails will be served at a private bar prior to the meal and will be priced according to the list prices.

It is extremely important that you advise the writer before August 1st as to whether you will attend this meeting and the number of persons you will have accompany you. We must have this information in order to advise the restaurant the number to plan for.

It would also be beneficial to your secretary and the other Chapter officers to know the method of transportation you intend to use and your expected arrival time in New York City along with the name of the hotel at which you will be staying.

I hope that as many of you as possible will plan to attend this meeting, and I urge that you bring along your "Mrs." as it is evident that a good time is in store for all.

SEE YOU at Mama Leone's in New York on Tuesday evening, August 16th at 7 P.M.

Yours very truly,

G. S. Burleson
Secretary-Treasurer
