Anthony W. Leffin Lifetime Achievement Award

• Tony Leffin was a long time member of APWA, who during his tenure had excelled to the top of the APWA ranks in every fashion possible. He was a leader in his field, in his community, and in his life. Having held practically every position within the Branch and the Chapter, being the Florida Chapter Past President, rising to the top as the Chair for the House of Delegates on the National level, being a multi-award winner in the Florida Chapter leader and being a Top Ten Public Works Leader, Tony was the exemplary model of what an APWA champion should be and was a friend to us all.

• In honor of his memory the Anthony W. Leffin Lifetime Achievement Award will be awarded to one recipient annually to the most deserving of long term members having met the most stringent criteria.

• The award seeks to inspire excellence and dedication in public service by recognizing the outstanding career service achievements of an individual public works professional. The primary focus of the award is on career service to the public works profession and it is the intent of this award to recognize the career service accomplishments of a public works professional as Tony himself would have wanted it.
And the winner is....

- Frank “Cheech” DeCellettes
- City of Plantation
Thank you all...

Next up is Cheech DeCelles for the “Member of the Year” Award Selection
