   iv. Module 3, St. Petersburg, April 9, 2019-April 11, 2019

Fourteen attendees for Module 1 in Fort Pierce with two receiving their National APWA certificates for completion of all three Modules and graduation from the Institute.

Twenty-two enrolled in St. Petersburg Module 1, all new attendees.

Together these two sessions comprised attendees from 12 different municipalities and represent a diverse group of specialties and levels of supervision and management, as well as length of service in Public Works. Susan Klein continues to market the Institute this summer.

Susan has contacted National regarding CEU’s and working towards approval for future Modules.

Note: Scholarship funding available for reimbursement.
