BRANCH REPORT
January 28, 2018

The Gold Coast Branch had our last board meeting on Monday, July 2nd and we’ll be having our next on Monday, July 30th. The main discussion points of our last meeting involved our upcoming golf tournament in October, scholarships, and this month’s meeting in Boca Raton, which was held on 7/25/18.

This Boca meeting was well attended with just over 40 guests and hosted by the City’s Municipal Services staff at the Boca Raton Train Depot. A presentation was given by the City’s coastal engineer.

The next monthly meeting will be one of the two lunch meetings we hold each year and will take place on Wednesday, August 22nd, hosted by the City of Boynton Beach. Our branch meetings are held in a different City in Palm Beach County every month and last year was the first time in over a decade that Boynton got involved with the organization again. It was a great meeting and we’re excited that they’re hosting again this year. The Branch’s 2018 Corporate Memberships are also up higher than they’ve been in recent years.

The Branch will also be hosting a lunch and learn August 7th at 10:00am in the City of Lake Worth. Asphalt Paving Systems will be demonstrating in-place reconstruction recycling on one of the Lake Worth Neighborhood Road Program projects.

Finally, following another successful Gold Coast Branch golf tournament this past October, we were once again able to award $5,000 in scholarships to five applicants. The 2018 annual tournament is scheduled for October 27th and we’re looking forward to another great event for our Branch.
