REPORT #20 – Association Alliance Committee

Date: January 21, 2012

To: Kim Kirby – Florida Chapter President

From: Jim Myers – Committee Chair

This report is being submitted for the Association Alliance Committee to the Florida Chapter Executive Board. APWA has many common goals and objectives as other associations in Florida. The Association Alliance Committee provides a single conduit that the APWA Executive Board can use as a formal communication mechanism with other associations. However, this Committee does not “over-shadow” the many contacts and memberships that our members already have in place with other associations.

One of the first opportunities of the Association Alliance Committee is to be involved in the development of a new association called the Florida Local Government Coalition (FLGC). Jim Myers has been assigned as liaison for APWA on the newly formed FLGC steering committee. Since the last report, Jim Myers has participated in several conference calls of the steering committee. There are several committees still being formed, but the following committees have been formed for FLGC with Chairs assigned.

1. Communications Committee: Brent Holladay – Lake County

2. Advocacy Committee: Beth Rawlins – Florida Business Watch

4. Professional Development Sub-Committee: Jim Myers - APWA

The Association Alliance Committee will continue to participate on the above FLGC committees and will begin to make contact with other associations and their peer groups.
