President Kim Kirby,

I’m pleased to report our APWA 51st Annual Meeting and Trade Show in Daytona was great. I was pleased with the response to our request for proclamations. We received and displayed approximately 36 proclamations representing the support and recognition for public works employees all over the state of Florida.

It was a privilege to have our leaders and district representatives working the APWA booth where the Proclamations and Pace Awards were displayed. Applications and materials were distributed and the APWA DVD was played. Special thanks to all who volunteered their time at the booth for a job well done.

I’m pleased to announce that Tom Pugh and Robert Garland joined Public Works Week Committee. We are looking forward to an exciting year.
