1½-day workshop about Advanced Construction Inspection
Presented by the American Public Works Association

ADVANCED CONSTRUCTION INSPECTION

FEBRUARY 19-20, 2009 • ST. PETE BEACH, FL

Focus on the specialty skills to provide the experienced inspector with the professional edge to handle bigger and more complex projects.

- Negotiate and manage complex construction projects
- Impact project timeline and accelerate scheduling techniques
- Identify different types of contracts and the advantages of each
APWA BRINGS THE TOP EXPERTS IN CONSTRUCTION INSPECTION AND MANAGEMENT TO YOUR REGION

Your registration fee includes a comprehensive student manual developed by construction inspection experts from across North America that will serve as a valuable resource for future reference. Our instructors are professionals who share their knowledge and experience in the construction industry and highlight the curriculum with real-life examples and case studies. Not only will you learn from the experts, but you will also pick up tips from your fellow peers attending the course.

For more information, visit www.apwa.net/events/eventdetail.asp?ID=5165
